Features at a glance

1. Dedicator for Digital SLR Camera
2. Guide No: 28m/92ft
3. Auto Check indicator
4. IGBT circuitry
5. Zoom, Bounce and swivel Head
6. Infra-red autofocus assistance beam

TECHNICAL SPECIFICATIONS

Guide Number:	28m / 92ft (50mm@ISO100)
Circuitry:	IGBT
Automatic Range:	0.7 - 7m (F4)
AF illumination:	0.7 - 8.5m
Zoom Range:	28 - 85mm
Flash Duration:	1/700 (Full output)
Recycling Time:	4 - 6 sec
Bounce Adjustment:	0 - 90 degree
Horizontal Swivel:	0 - 330 degree
Color Temperature:	5600k
Number of flash:	100 - 300 set of batteries
Angle of coverage:	Horizontal 60 degree Vertical 45 degree
Power Source:	4x AA sized batteries
